

TMC MM I.8 : Coordination and monitoring cell

Lead Centre : CICR, Nagpur

Introduction

TMC MMI Co-ordination and Monitoring Cell was constituted for effective implementation and execution of TMC MM-I Programme in the cooperating centres located all over the country and maintaining liaison with ICAR and all organizations involved in the mission. Scientist in charge of the cell provides all round assistance to the Member secretary of the mission for smooth conducting of all projects. The cell will perform various tasks such as conducting annual review workshops, compiling and printing annual reports on TMC projects, organizing standing committee meetings, preparation of budget, distribution of funds to the coordinating centres etc.,

Objectives

- To co-ordinate TMC MMI programme at various centres for effective implementation
- To conduct review meetings and monitoring visits.
- To compile and edit and publish reports.
